

# SAFETY DATA SHEET according to 1907/2006/EC, Article 31

**Page** 1/9

910 investment - 910X investment

Revision 2 Revision date 2017-02-28

SECTION 1: Identification of the substance/mixture and of the company/undertaking			
1.1. Product identifier P	roduct Part Number: Z14-306		
Product name	910 investment - 910X investment		
1.2. Relevant identified uses	of the substance or mixture and uses advised against		
Product Use	[SU3] Industrial uses: Uses of substances as such or in preparations at industrial sites;		
Description	Foundry material.		
1.3. Details of the supplier of	the safety data sheet		
Company	Romanoff International Supply Corporation		
Address	9 Deforest Street, Amityville, NY 11701 USA. Tel: 631-842-2400		
Web	www.romanoff.com		
Telephone	+1 (631) 842-2400		
Fax	+1 (631) 842-0028		
Email address of the	sales@romanoff.com		
competent person	Sales@formation.com		
1.4. Emergency telephone no	ımber		
Emergency telephone numb			
Company	USA. CANADA 1-800-255-3924 AUSTRALIA: 1-300-954-583 BRAZIL: 0-800-591-6042		
Company	CHINA: 400-120-0751 INDIA: 000-800-100-4086 MEXICO: 01-800-099-0731		
	ALL OTHER COUNTRIES: 1-813-248-0585		

### SECTION 2: Hazards identification

#### 2.1. Classification of the substance or mixture

2.1.2. Classification - EC	Carc. 1A: H350; STOT RE 1: H372;		
1272/2008			

#### 2.2. Label elements

This substance / mixture has been classified in accordance with the US Federal OSHA Hazard Communication Standard 29CFR 1910.1200. Substance concentration band-ranges are presented, and minor ingredient compostion maybe withheld, to protect trade secrets.

#### Hazard pictograms

Signal Word

Hazard Statement Carc. 1A: H350 - May cause cancer inhalation.

Revision 2 Revision date 2017-02-28

#### 2.2. Label elements

	STOT RE 1: H372 - Causes damage to organs (lungs) through prolonged or repeated exposure inhalation.
Precautionary Statement:	P201 - Obtain special instructions before use.
Prevention	P202 - Do not handle until all safety precautions have been read and understood.
	P260 - Do not breathe dust/fume/gas/mist/vapours/spray.
	P264 - Wash (hands) thoroughly after handling.
	P270 - Do no eat, drink or smoke when using this product.
	P280 - Wear protective gloves/protective clothing/eye protection/face protection.
	P285 - In case of inadequate ventilation wear respiratory protection.
Precautionary Statement:	P308+P313 - IF exposed or concerned: Get medical advice/attention.
Response	P314 - Get medical advice/attention if you feel unwell.
Precautionary Statement:	P405 - Store locked up.
Storage	
Precautionary Statement:	P501 - Dispose of contents/container to local and national regulations
Disposal	

#### 2.3. Other hazards

Other hazards	Product contains crystalline silica.
Frontly on the Common of Long	

#### Further information

Not applicable. PBT and vPvB assessment.

#### SECTION 3: Composition/information on ingredients

#### 3.2. Mixtures

#### 67/548/EEC / 1999/45/EC

Chemical Name	Index No.	CAS No.	EC No.	REACH Registration Number	Conc. (%w/w)	Classification	M-factor.
Mullite (Kaolin)		1332-58-7			20 - 30%	)	
Calcium sulfate (Plaster of Paris)		26499-65-0			20 - 30%		

#### EC 1272/2008

Chemical Name	Index No. CA	AS No. I		 Conc. (%w/w)	Classification	M-factor.
Mullite (Kaolin)	13	32-58-7		20 - 30%		
silica (cristobalite conc. >/= 1.0 %)	14	464-46-1	238-455-4	40 - 50%	Carc. 1A: H350; STOT RE 1: H372;	
Calcium sulfate (Plaster of Paris)	26	499-65-0		20 - 30%		

#### **Further information**

Full text for all Risk Phrases mentioned in this section are displayed in Section 16.

#### **SECTION 4: First aid measures**

#### 4.1. Description of first aid measures

Inhalation	Move the exposed person to fresh air.
Eye contact	Rinse immediately with plenty of water for 15 minutes holding the eyelids open.
Skin contact	Wash with soap and water.
Ingestion	Drink 1 to 2 glasses of water. DO NOT INDUCE VOMITING.

#### 4.2. Most important symptoms and effects, both acute and delayed

Inhalation	Mav	cause	irritation	to res	piratory	/ S\	vstem.

Revision 2 Revision date 2017-02-28

4.2. Most important symptoms a	nd effects, both acute and delayed				
Eye contact	May cause irritation to eyes.				
Skin contact	May cause irritation to skin.				
Ingestion	May cause irritation to mucous membranes.				
4.3. Indication of any immediate medical attention and special treatment needed					
Inhalation	Seek medical attention if irritation or symptoms persist.				
Eye contact	Seek medical attention if irritation or symptoms persist.				
Skin contact	Seek medical attention if irritation or symptoms persist.				
Ingestion	Seek medical attention if irritation or symptoms persist.				
SECTION 5: Firefighting mea	asures				
5.1. Extinguishing media					
	Use extinguishing media appropriate to the surrounding fire conditions.				
5.2. Special hazards arising from	n the substance or mixture				
	Burning produces irritating, toxic and obnoxious fumes.				
5.3. Advice for firefighters					
	Self-contained breathing apparatus. Wear suitable protective clothing.				
SECTION 6: Accidental relea	ase measures				
6.1. Personal precautions, prote	ctive equipment and emergency procedures				
	Avoid raising dust. Wear suitable respiratory equipment when necessary.				
6.2. Environmental precautions					
	No environmental requirements.				
6.3. Methods and material for co	ontainment and cleaning up				
	Avoid raising dust. Clean the area using a vacuum cleaner. Transfer to suitable, labelled containers for disposal.				
6.4. Reference to other sections					
	See section [2, 8 & 13] for further information.				
SECTION 7: Handling and s	torage				
7.1. Precautions for safe handling	ng				
	Avoid raising dust. Ensure adequate ventilation of the working area. In case of insufficient ventilation, wear suitable respiratory equipment.				
	Do not eat, drink or smoke in areas where this product is used or stored. Wash hands after handling the product.				
7.2. Conditions for safe storage,	including any incompatibilities				
	Keep containers tightly closed.				
7.3. Specific end use(s)					
	Foundry material.				
SECTION 8: Exposure contr	ols/personal protection				
8.1. Control parameters					

Revision 2 Revision date 2017-02-28

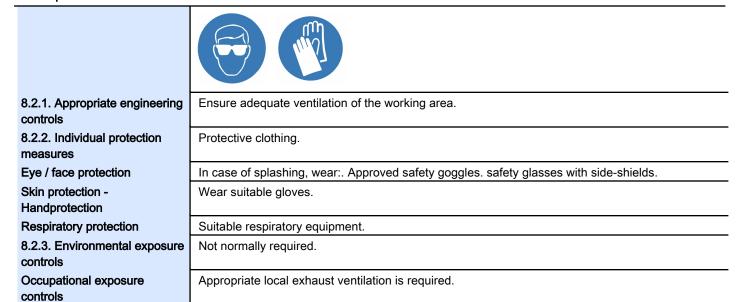

#### 8.1. Control parameters

exposure limits - Crystalline Silica, Cristobalite -	0.025 mg/m3 TWA ACGIH TLV (respirable
fraction); 10 mg/m3 / [ 2(% Silica + 2)] TWA PEL (r	espirable fraction).

#### 8.1.1. Exposure Limit Values

Calcium sulfate (Plaster of Paris)	WEL 8-hr limit ppm: -	WEL 8-hr limit mg/m3: -
	WEL 15 min limit ppm: -	WEL 15 min limit mg/m3: -
	WEL 8-hr limit mg/m3 total 10 inhalable dust:	WEL 15 min limit mg/m3 total - inhalable dust:
	WEL 8-hr limit mg/m3 total 4 respirable dust:	WEL 15 min limit mg/m3 total - respirable dust:
Mullite (Kaolin)	WEL 8-hr limit ppm: -	WEL 8-hr limit mg/m3: -
	WEL 15 min limit ppm: -	WEL 15 min limit mg/m3: -
	WEL 8-hr limit mg/m3 total - inhalable dust:	WEL 15 min limit mg/m3 total - inhalable dust:
	WEL 8-hr limit mg/m3 total 2 respirable dust:	WEL 15 min limit mg/m3 total - respirable dust:

#### 8.2. Exposure controls

#### SECTION 9: Physical and chemical properties

#### 9.1. Information on basic physical and chemical properties

Revision 2 Revision date 2017-02-28

#### 9.1. Information on basic physical and chemical properties

**Appearance** Powder Off white Colour Slight Odour Hq 6 - 8 Relative density 2.5 Partition coefficient No data available Melting point No data available Viscosity No data available **Explosive properties** Not applicable. Oxidising properties Not applicable. Freezing Point Not applicable. Initial boiling point Not applicable. **Evaporation rate** Not applicable. Flammability (solid, gas) Not applicable. Vapour pressure Not applicable. Vapour density Not applicable. Autoignition temperature Not applicable. **Fat Solubility** Not applicable. Solubility Slightly soluble in water

#### 9.2. Other information

Conductivity No data available Surface tension No data available Gas group Not applicable. **Benzene Content** Not applicable. Lead content Not applicable. VOC (Volatile organic Not applicable. compounds)

#### SECTION 10: Stability and reactivity

#### 10.1. Reactivity

Not applicable. 10.2. Chemical stability Stable under normal conditions. 10.3. Possibility of hazardous reactions

No Significant Hazard.

#### 10.4. Conditions to avoid

Moisture.

#### 10.5. Incompatible materials

No Significant Hazard.

#### 10.6. Hazardous decomposition products

Hazardous Decomposition Products (silica): Crystalline silica will dissolve in hydrofluoric acid and produce silicone tetrafluoride. Reaction with water or acids generates heat.

### **SECTION 11: Toxicological information**

Revision 2 Revision date 2017-02-28

# 11.1. Information on toxicological effects

11.1. Information on toxicological				
Acute toxicity	Based on available data, the classification criteria are not met.			
Skin corrosion/irritation	Prolonged or repeated exposure may cause irritation to skin and mucous membranes.			
Serious eye damage/irritation	No irritation expected.			
Respiratory or skin sensitisation	No sensitizaton effects reported.			
Germ cell mutagenicity	No mutagenic effects reported.			
Carcinogenicity	Known Human Carcinogens (Category 1).			
Reproductive toxicity	No observed effect level. No observed effect concentration.			
STOT-single exposure	No known adverse health effects.			
STOT-repeated exposure	Chronic effects Prolonged inhalation of respirable crystalline silica In 1997, the International Agency for Research on Cancer (IARC) concluded that crystalline silica inhaled from occupational sources can cause lung cancer in humans. However it pointed out that not all industrial circumstances, nor all crystalline silica types, were to be incriminated. (IARC Monographs on the evaluation of the carcinogenic risks of chemicals to humans, Silica, silicates dust and organic fibers, 1997, Vol. 68, IARC, Lyon, France). In June 2003, the European Commission's Scientific Committee for Occupational Exposure Limits (SCOEL) concluded:  "that the main effect in humans of the inhalation of respirable crystalline silica is silicosis. There is sufficient information to conclude that the relative lung cancer risk is increased in persons with silicosis (and apparently, not in employees without silicosis exposed to silica dust in quarries and in the ceramic industry). Therefore, preventing the onset of silicosis will also reduce the cancer risk. Since a clear threshold for silicosis development cannot be identified, any reduction of exposure will reduce the risk of silicosis."  (SCOEL SUM Doc 94-final on respirable crystalline silica, June 2003)  There is a body of evidence supporting the fact that increased cancer risk would be limited to people already suffering from silicosis. Worker protection against silicosis should be assured by respecting the existing regulatory occupational exposure limits and implementing additional risk			
Aspiration hazard	management measures where required (see Section 16).  No Significant Hazard.			
Repeated or prolonged	Inhalation may cause coughing, tightness of the chest and irritation of the respiratory system.			
exposure	initialation may cause cougning, tightness of the chest and initiation of the respiratory system.			
11.1.4. Toxicological Information				
	Not applicable.			
SECTION 12: Ecological info	ormation			
12.1. Toxicity				
	No data available			
12.2. Persistence and degradab	ility			
	No data is available on this product.			
12.3. Bioaccumulative potential				
	Does not bioaccumulate.			
Partition coefficient				

Revision 2 Revision date 2017-02-28

Partition coefficient	
	910 investment - 910X No data available
	investment
12.4. Mobility in soil	
	Not determined.
12.5. Results of PBT and vPvB assessment	
	Not determined.
12.6. Other adverse effects	
	Not applicable.
SECTION 13: Disposal considerations	
13.1. Waste treatment methods	
	Dispose of in compliance with all. local and national regulations.
Disposal methods	
	Contact a licensed waste disposal company.
Disposal of packaging	
	Empty containers can be sent for disposal or recycling.
SECTION 14: Transport information	
14.1. UN number	
	The product is not classified as dangerous for carriage.
14.2. UN proper shipping name	
	The product is not classified as dangerous for carriage.
14.3. Transport hazard class(es)	
	The product is not classified as dangerous for carriage.
14.4. Packing group	
	The product is not classified as dangerous for carriage.
14.5. Environmental hazards	
	The product is not classified as dangerous for carriage.
14.6. Special precautions for use	
	The product is not classified as dangerous for carriage.
14.7. Transport in bulk according	g to Annex II of MARPOL 73/78 and the IBC Code
- u . c . u	The product is not classified as dangerous for carriage.
Further information	
	The product is not classified as dangerous for carriage.
SECTION 15: Regulatory information	
-	mental regulations/legislation specific for the substance or mixture
Regulations	U.S. FEDERAL REGULATIONS:
	CERCLA 103 Reportable Quantity: 910 & 910X investments are not subject to CERCLA

Revision 2 Revision date 2017-02-28

#### 15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture

reporting requirements. Many states have more stringent release reporting requirements. Report spills required under federal, state and local regulations.

#### SARA TITLE III:

Hazard Category For Section 311/312: Chronic health

Section 313 Toxic Chemicals: This product contains the following chemicals subject to Annual Release Reporting Requirements Under SARA Title III, Section 313 (40 CFR 372): None

Section 302 Extremely Hazardous Substances (TPQ): None

EPA Toxic Substances Control Act (TSCA) Status: All of the components of this product are listed on the TSCA inventory.

#### **U.S. STATE REGULATIONS**

California Proposition 65: This product contains the following substances known to the State of California to cause cancer: Crystalline Silica as Cristobalite (< 55 %);

#### INTERNATIONAL REGULATIONS:

Canadian Environmental Protection Act: All of the components in this product are listed on the Domestic Substances List (DSL).

Canadian WHMIS Classification: Class D2A (Chronic toxic effects), D2A (Carcinogenicity).

#### 15.2. Chemical safety assessment

No data is available on this product

#### **SECTION 16: Other information**

#### Other information

Revision

This document differs from the previous version in the following areas::

- 2 2.1. Classification of the substance or mixture.
- 2 2.1.2. Classification EC 1272/2008.
- 2 Precautionary Statement: Prevention.
- 2 Precautionary Statement: Response.
- 2 Precautionary Statement: Storage.
- 15 Labelling.
- 15 Risk phrases.

# Text of Hazard Statements in Section 3

Carc. 1A: H350 - May cause cancer.

STOT RE 1: H372 - Causes damage to organs through prolonged or repeated exposure .

#### **Further information**

#### Training

Workers must be informed of the presence of crystalline silica and trained in the proper use and handling of this product as required under applicable regulations.

The information supplied in this Safety Data Sheet is designed only as guidance for the safe use, storage and handling of the product. This information is correct to the best of our knowledge and belief at the date of publication however no guarantee is made to its accuracy. This information relates only to the specific material designated and may not be valid for such material used in combination with any other materials or in any other process.

Revision 2 Revision date 2017-02-28
