

**1. Identification:**

**Identification**

**Product name:** Busch Vacuum Pump Oil OEM

**Additional identification**

**Chemical name:** Mixture

**Recommended use and restriction on use**

**Recommended use:** Busch vacuum pumps

**Restrictions on use:** Not determined

**Details of the supplier of the safety data sheet**

**Supplier**

**Company Name:** Romanoff International Supply Corp  
**Address:** 9 Deforest Street Amityville, NY 11701

CHEMTEL, ACCOUNT #MIS4594445 COLLECT CALLS ACCEPTED

**24 HR EMERGENCY TELEPHONE: USA, CANADA, PUERTO RICO & US VIRGIN ISLANDS:** 1-800-255-3924

**AUSTRALIA:** 1-300-954-583 **BRAZIL:** 0-800-591-6042 **CHINA:** 400-120-0751

**INDIA:** 000-800-100-4086 **MEXICO:** 800-099-0731 **ALL OTHER COUNTRIES:** 1-813-248-0585

**2. Hazard(s) identification**

**Hazard Classification**

Not classified

**Label Elements:**

**Hazard Symbol:** No symbol

**Signal Word:** No signal word.

**Hazard Statement:** not applicable

**Precautionary Statement:** not applicable

**Other hazards which do not result in GHS classification:** None identified.

**3. Composition/information on ingredients**

**General information:**

| Chemical name | CAS number | Percent by Weight |
|---------------|------------|-------------------|
| Mineral oil   | 72623-85-9 | 90 - 100%         |

**4. First-aid measures**

|                      |   |
|----------------------|---|
| <b>Ingestion:</b>    | Treat symptomatically. Get medical attention.   |
| <b>Inhalation:</b>   | Remove exposed person to fresh air if adverse effects are observed.   |
| <b>Skin Contact:</b> | Wash with soap and water. Get medical attention if symptoms occur. Launder contaminated clothing before reuse.        |
| <b>Eye contact:</b>  | Any material that contacts the eye should be washed out immediately with water. If easy to do, remove contact lenses. |

## Most important symptoms/effects, acute and delayed

**Symptoms:** See section 11.

## Indication of immediate medical attention and special treatment needed

**Treatment:** Treat symptomatically.

## 5. Fire-fighting measures

**General Fire Hazards:** No unusual fire or explosion hazards noted.

### Suitable (and unsuitable) extinguishing media

**Suitable extinguishing media:** CO2, Dry chemical or Foam. Water can be used to cool and protect exposed material.

**Unsuitable extinguishing media:** Do not use water jet as an extinguisher, as this will spread the fire.

**Specific hazards arising from the chemical:** A solid stream of water will spread the burning material. Material creates a special hazard because it floats on water. See section 10 for additional information.

### Special protective equipment and precautions for firefighters

**Special fire fighting procedures:** No data available.

**Special protective equipment for fire-fighters:** Recommend wearing self-contained breathing apparatus.

## 6. Accidental release measures

**Personal precautions, protective equipment and emergency procedures:** Personal Protective Equipment must be worn, see Personal Protection Section for PPE recommendations.

**Methods and material for containment and cleaning up:** Dike far ahead of larger spill for later recovery and disposal. Pick up free liquid for recycle and/or disposal. Residual liquid can be absorbed on inert material.

**Environmental Precautions:** Avoid release to the environment. Do not contaminate water sources or sewer. Environmental manager must be informed of all major spillages. Prevent further leakage or spillage if safe to do so.

## 7. Handling and storage

**Precautions for safe handling:** Observe good industrial hygiene practices. Provide adequate ventilation. Wear appropriate personal protective equipment.

**Maximum Handling Temperature:** Not determined.

**Conditions for safe storage, including any incompatibilities:** Store away from incompatible materials. See section 10 for incompatible materials.

**Maximum Storage Temperature:** Not determined.

## 8. Exposure controls/personal protection

### Control Parameters:

#### Occupational Exposure Limits

| Chemical name                     | type | Exposure Limit Values | Source                                     |
|-----------------------------------|------|-----------------------|--|
| Mineral oil - Inhalable fraction. | TWA  | 5 mg/m3               | US. ACGIH Threshold Limit Values (03 2014) |

**Appropriate engineering controls:** No special requirements under ordinary conditions of use and with adequate ventilation.

### Individual protection measures, such as personal protective equipment

**General information:** Use personal protective equipment as required.

**Eye/face protection:** If contact is likely, safety glasses with side shields are recommended.

#### Skin Protection

**Hand Protection:** Use nitrile or neoprene gloves. Use good industrial hygiene practices. In case of skin contact, wash hands and arms with soap and water. Nitrile.

**Other:** No data available.

**Respiratory Protection:** Consult with an industrial hygienist to determine the appropriate respiratory protection for your specific use of this material. A respiratory protection program compliant with all applicable regulations must be followed whenever workplace conditions require the use of a respirator.

**Hygiene measures:** Always observe good personal hygiene measures, such as washing after handling the material and before eating, drinking, and/or smoking. Routinely wash work clothing to remove contaminants. Discard contaminated footwear that cannot be cleaned.

## 9. Physical and chemical properties

### Appearance

**Physical state:** liquid  
**Form:** liquid  
**Color:** Colorless to yellow  
**Odor:** Mild

|  |  |
|--|--|
| <b>Odor threshold:</b>                                       | No data available.                             |
| <b>pH:</b>   | No data available.                             |
| <b>Freezing point:</b>                                       | No data available.                             |
| <b>Boiling Point:</b>  | No data available.                             |
| <b>Flash Point:</b>  | 485.1 °F (251.7 °C) (Cleveland Open Cup)       |
| <b>Evaporation rate:</b>                                     | No data available.                             |
| <b>Flammability (solid, gas):</b>                            | No data available.                             |
| <b>Upper/lower limit on flammability or explosive limits</b> |  |
| <b>Flammability limit - upper (%):</b>                       | No data available.                             |
| <b>Flammability limit - lower (%):</b>                       | No data available.                             |
| <b>Explosive limit - upper (%):</b>                          | No data available.                             |
| <b>Explosive limit - lower (%):</b>                          | No data available.                             |
| <b>Vapor pressure:</b>                                       | No data available.                             |
| <b>Vapor density:</b>  | No data available.                             |
| <b>Relative density:</b>                                     | 0.869 68 °F (20 °C)                            |
| <b>Solubility(ies)</b>                                       |  |
| <b>Solubility in water:</b>                                  | Insoluble in water                             |
| <b>Solubility (other):</b>                                   | No data available.                             |
| <b>Partition coefficient (n-octanol/water):</b>              | No data available.                             |
| <b>Auto-ignition temperature:</b>                            | No data available.                             |
| <b>Decomposition temperature:</b>                            | No data available.                             |
| <b>Viscosity:</b>  | 90 - 110 mm <sup>2</sup> /s ( 104 °F (40 °C) ) |

## 10. Stability and reactivity

|  |   |
|--|---|
| <b>Reactivity:</b>                         | No data available.  |
| <b>Chemical Stability:</b>                 | Material is stable under normal conditions.   |
| <b>Possibility of Hazardous Reactions:</b> | Will not occur.   |
| <b>Conditions to Avoid:</b>                | Not determined.   |
| <b>Incompatible Materials:</b>             | Strong acids. Strong oxidizing agents. Oxidizing agents.  |
| <b>Hazardous Decomposition Products:</b>   | Thermal decomposition or combustion may generate smoke, carbon monoxide, carbon dioxide, and other products of incomplete combustion. |

## 11. Toxicological information

### Information on likely routes of exposure

|                      |                    |
|----------------------|--------------------|
| <b>Inhalation:</b>   | No data available. |
| <b>Ingestion:</b>    | No data available. |
| <b>Skin Contact:</b> | No data available. |
| <b>Eye contact:</b>  | No data available. |

**Information on toxicological effects**

**Acute toxicity**

**Oral**

Product: Not classified for acute toxicity based on available data.

**Dermal**

Product: Not classified for acute toxicity based on available data.

**Inhalation**

Product: Not classified for acute toxicity based on available data.

**Skin Corrosion/Irritation:**

Product: Prolonged or repeated skin contact as from clothing wet with material may cause dermatitis. Symptoms may include redness, edema, drying, and cracking of the skin.  
Remarks: Not classified as a primary skin irritant.

**Serious Eye Damage/Eye Irritation:**

Product: Remarks: Not classified as a primary eye irritant.

**Respiratory sensitization:**

No data available

**Skin sensitization:**

**Specific Target Organ Toxicity - Single Exposure:**

Mineral oil If material is misted or if vapors are generated from heating, exposure may cause irritation of mucous membranes and the upper respiratory tract.

**Aspiration Hazard:**

No data available

**Chronic Effects**

**Carcinogenicity:**

No data available

**IARC Monographs on the Evaluation of Carcinogenic Risks to Humans:**

No carcinogenic components identified

**US. National Toxicology Program (NTP) Report on Carcinogens:**

No carcinogenic components identified

**US. OSHA Specifically Regulated Substances (29 CFR 1910.1001-1050):**

No carcinogenic components identified

**Germ Cell Mutagenicity:**

No data available

**Reproductive toxicity:**

No data available

**Specific Target Organ Toxicity - Repeated Exposure:**

No data available

## 12. Ecological information

### Ecotoxicity

#### Fish

Mineral oil LC 50 (Rainbow Trout, 4 d): > 5,000 mg/l

#### Aquatic Invertebrates

Mineral oil EC 50 (Water flea (Daphnia magna), 2 d): > 1,000 mg/l  
EC 50 (Water flea (Daphnia magna), 21 d): 10 mg/l  
NOEC (Water flea (Daphnia magna), 21 d): 10 mg/l

#### Toxicity to Aquatic Plants

No data available

#### Toxicity to soil dwelling organisms

No data available

#### Sediment Toxicity

No data available

#### Toxicity to Terrestrial Plants

No data available

#### Toxicity to Above-Ground Organisms

No data available

#### Toxicity to microorganisms

No data available

### Persistence and Degradability

#### Biodegradation

Mineral oil OECD TG 301 F, 31 %, 28 d, Not readily degradable.

### Bioaccumulative Potential

#### Bioconcentration Factor (BCF)

No data available

#### Partition Coefficient n-octanol / water (log Kow)

No data available

#### Mobility:

No data available

#### Other Adverse Effects:

No data available.

## 13. Disposal considerations

### Disposal instructions:

Treatment, storage, transportation, and disposal must be in accordance with applicable Federal, State/Provincial, and Local regulations. Since emptied containers retain product residue, follow label warnings even after container is emptied.

### Contaminated Packaging:

Container packaging may exhibit hazards.

## 14. Transport information

**DOT**

Not regulated.

**IMDG**

Not regulated.

**IATA**

Not regulated.

**Transport in bulk according to Annex II of MARPOL73/78 and the IBC Code**

None known.

Shipping descriptions may vary based on mode of transport, quantities, temperature of the material, package size, and/or origin and destination. It is the responsibility of the transporting organization to follow all applicable laws, regulations and rules relating to the transportation of the material. Review classification requirements before shipping materials at elevated temperatures.

## 15. Regulatory information

### US Federal Regulations

**TSCA Section 12(b) Export Notification (40 CFR 707, Subpt. D)**

None present or none present in regulated quantities.

**Superfund Amendments and Reauthorization Act of 1986 (SARA)**

**Hazard categories**

None known.

**SARA 302 Extremely Hazardous Substance**

**SARA 304 Emergency Release Notification**

**SARA 311/312 Hazardous Chemical**

**SARA 313 (TRI Reporting)**

This product may contain chemical(s) regulated under the Superfund Amendments and Reauthorization Act (SARA). For additional information please contact Busch LLC.

### US State Regulations

**US. California Proposition 65**

No ingredient regulated by CA Prop 65 present.

### Inventory Status

**Australia (AICS)**

All components are in compliance with chemical notification requirements in Australia.

**Canada (DSL/NDL)**

All components are in compliance with the Canadian Environmental Protection Act and are present on the Domestic Substances List.

**China (IECSC)**

All components of this product are listed on the Inventory of Existing Chemical Substances in China.

**European Union (REACH)**

To obtain information on the REACH compliance status of this product, please contact Busch LLC.

**Japan (ENCS)**

All components are in compliance with the Chemical Substances Control Law of Japan.

**Korea (ECL)**

All components are in compliance in Korea.

**New Zealand (NZIoC)**

All components are in compliance with chemical notification requirements in New Zealand.

**Philippines (PICCS)**

All components are in compliance with the Philippines Toxic Substances and Hazardous and Nuclear Wastes Control Act of 1990 (R.A. 6969).

**Switzerland (SWISS)**

All components are in compliance with the Environmentally Hazardous Substances Ordinance in Switzerland.

**Taiwan (TCSCA)**

All components of this product are listed on the Taiwan inventory.

**United States (TSCA)**

All components of this material are on the US TSCA Inventory.

*The information that was used to confirm the compliance status of this product may deviate from the chemical information shown in Section 3.*

**16. Other information, including date of preparation or last revision**

**HMIS Hazard ID**

|                         |  |          |
|-------------------------|--|----------|
