Safety Data Sheet

1. CHEMICAL PRODUCT & COMPANY IDENTIFICATION

Identification of the substance: <i>78-5002 Tiger3D Burgundy Resin</i>
Use of the substance / preparation: UV resin for 3D printer
Company / Undertaking Identification: Romanoff International Supply Corp. 9 Deforest Street Amityville, NY 11702 USA Telephone: 1-631-842-2400 Toll Free: 1-800-221-7448 Fax: 1-631-842-0028
Emergency Contact: CHEMTEL, ACCOUNT #MIS4594445 COLLECT CALLS ACCEPTED USA, CANADA 1-800-255-3924 AUSTRALIA: 1-300-954-583 BRAZIL: 0-800-591-6042 CHINA: 400-120-0751 INDIA: 000-800-100-4086 MEXICO: 01-800-099-0731 ALL OTHER COUNTRIES: 1-813-248-0585

2. HAZARDS IDENTIFICATION

Chemical Hazard Classification: NA (This product is not hazardous under United Nations GHS Parts)
Symbols: Hazard composition: Hazard statements: Precautionary Statements: NA (This product is not hazardous under United Nations GHS Parts)
Other hazardous and precautionary: May cause skin irritation and wear protective gloves/protective clothing/eye protection/ face protection.

3. COMPOSITION/INFORMATION ON INGREDIENTS

Chemical product information:		
Composition of components	Weight %	CAS No.
Acrylate Monomer	45-75	1680-21-3
Acrylate Oligomer	35-45	13048-33-4
Photoinitiator & Additives	10-15	162881-26-7

4. FIRST-AID MEASURES

Contact with skin:	<p>Immediately take off all contaminated clothing.</p> <p>Remove the product with a cloth or absorbent paper. Do not use solvents.</p> <p>Wash immediately with water for at least 10 minutes.</p> <p>After contact with skin, wash immediately with plenty of soaped water. Seek medical advice if irritation persists.</p> <p>Wash with plenty of water and soap. Should the patient feel unwell, consult a physician.</p>
Contact with eyes:	<p>Seek medical advice if irritation persists.</p> <p>Wash immediately with water for at least 10 minutes. Should the patient feel unwell, consult a physician.</p>
Swallowing:	<p>The induction of vomiting and the administration of oral drugs must be carried out only upon:</p> <ul style="list-style-type: none"> - Medical Council - A suspension of activated charcoal in water, or liquid - Petrolatum may be administered. - Should the patient feel unwell, consult a physician
Inhalation:	<p>Ventilate the premises</p> <p>The patient is to be removed immediately from the premises that is contaminated and made to rest in a well-ventilated area.</p> <p>Should the patient feel unwell, consult a physician</p>

5. FIRE FIGHTING MEASURES

Recommended extinguishers:	CO2, Foam, Chemical powders, sand or earth. Use water based extinguishing media with caution.
Extinguishers not to be used:	None in particular.
Risk arising from combustion:	Avoid inhaling the fumes. Incomplete combustion releases toxic gases.
Protective equipment:	Use a mask, gloves and protective clothing.

6. MEASURES IN CASE OF ACCIDENTAL RELEASE

Personal safety:	Use a mask, gloves and protective clothing
Environmental measures:	<p>Limit leakages with earth or sand.</p> <p>If the product has flown off into a water course, into the drainage system, or has contaminated the ground or vegetation, notify the responsible authorities.</p>

Cleaning methods:	<p>Rapidly collect the product. To do so, wear a mask and protective clothing.</p> <p>If the product is in a liquid form, stop it from entering the drainage system.</p> <p>Recover the product for re-use if possible, or for elimination in compliance with waste disposal regulations in force.</p> <p>The product might, where appropriate, be absorbed by inert material.</p>
-------------------	--

7. HANDLING AND STORAGE

Handling precautions:	<p>Avoid contact with and inhalation of vapor and/or dusts.</p> <p>Do not eat or drink or smoke while working.</p> <p>Wash hands before breaks and at the end of work.</p> <p>Maintain sufficient personal care.</p>
Incompatible materials:	<p>Keep away from amines, strong bases, acids and strong oxidants.</p>
Storage conditions:	<p>Storage temperature: below 35°C/95°F</p> <p>Keep in a dry place, in the original containers tightly closed.</p> <p>Avoid heat/ignition and light sources.</p> <p>For industrial use only. Keep away from children</p>

8. EXPOSURE CONTROL/PERSONAL PROTECTION

Precautionary measures:	<p>Provide adequate ventilation to the areas where the product is stores and/or handled.</p>
Respiratory protection:	<p>Required where ventilation/aspiration is insufficient or exposure is prolonged, or for applications in which the product is sprayed or heated.</p>
Protection for hands:	<p>Use protective gloves</p> <p>For an extended exposure of the product, wear gloves</p>
Eye protection:	<p>Safety goggles</p>
Protection for skin:	<p>Use clothing that provides complete protection to the skin.</p>

9. PHYSICAL AND CHEMICAL PROPERTIES

Appearance and color	red-brown liquid
Odor:	Light
pH:	--
Melting point:	--
Boiling point:	120°C
Flash point:	110° C
Explosive properties	--
Combustion-related properties	--
Specific gravity ASTM D 1475:	1.1+ 0.1g/ml (25°C)
Solubility in water:	Insoluble

10. STABILITY AND REACTIVITY

Conditions to avoid:	Stable under normal conditions
Substances to avoid:	The product reacts exothermically with amines.
Hazardous decomposition products:	Upon incomplete combustion carbon monoxide is formed.

11. TOXICOLOGICAL INFORMATION

Toxicological data:	There is no toxicological data available on the mixture. Consider the individual concentration of each component to assess toxicological effects resulting from exposure to the mixture.
LD50(oral):	--
LD50(dermal):	--

12. ECOLOGICAL INFORMATION

Toxicity:	--
Persistence and degradability:	--
Bioaccumulative potential:	--
Mobility in soil:	--
Results of PBT and vPvB assessment:	--
Other adverse effects:	--

13. DISPOSAL CONSIDERATIONS

Recover if possible. In doing so, comply with the local and national regulations currently in force. Avoid release to the environment. Refer to special instructions/Safety data sheets. Where applicable, refer to the following regulatory provisions: 91/156/EEC, 91/689/EEC. 94/62/EC and

subsequent amendments.

14. TRANSPORT INFORMATION

UN Number:	Not hazardous by D.O.T. regulations
Road/Rail (ADR/RID):	Not hazardous by D.O.T. regulations
Sea (IMDG):	Not hazardous by D.O.T. regulations
Air (ICAO/IATA):	Not hazardous by D.O.T. regulations

15. REGULATORY INFORMATION

Council Directive 67/548/EEC (Classification, packaging and labeling of dangerous substances) and subsequent amendments.

Council Directive 1999/45/EC (Classification, packaging and labeling of dangerous preparations) and subsequent amendments. Regulation (EC) nr 1272/2008 (CLP). Commission Directive 98/24/EC (Protection of the health and safety of workers from the risk related to chemical agent). Commission Directive 2000/39/EC occupational exposure limit values. Regulation (EC) No 1907/2006 (REACH).
